

Abstract

1. Statistical Learning Theory Presentation (Big Data)
2. Image Processing homeworks 3
3. Social Networks project read about literature and search about data

Description

1. **Statistical Learning Theory Presentation (Big Data)**

Our group lectured Big Data Presentation in SLT class.

2. **Image Processing homeworks 3**

I started to do IP course HW3.

3. **Social Networks project read about literature and search about data**

I read a little bit about the literature of Social Networks. Also i thought about getting data and i came up with little ideas.

Next Week

- Statistical Learning Theory Takehome Quiz 6
- Deep Learning homeworks 4
- Image Processing homeworks 3
- Social Networks project read about literature and search about data.
