

Abstract

1. Study for final exam (Deep Learning)
2. Work on DL Final Project

Description

1. Study for final exam (Deep Learning)

I studied for DL final exam.

2. Work on DL Final Project

I trained an Convolutional AutoEncoder on LaTeX formulas. Then i trained a LSTM Language Model on LaTeX scripts. Im still working on LSTM network.

Next Week

- Work on DL Final Project (Finish it if possible)
- Go to tabriz (too many meetings)
- Image Processing HW5
- SLT Presentation 5 - Interpretable Learning 2 (ask for more time?)
- SLT Final project (ask for more time?)
